Rheumatism and Kidney Trouble Cured.

W. R. Love, Barclaysville, N. C., Feb. 14, 1898.

"After years of suffering and trying many different remedies your great cure came to my relief. For three years I have been in the jaws of death with kidney trouble, and have had rheumatism for eight years. Could not eat or work to any satisfaction. Now am well and doing more work than I have in years, and my rest is sweet and refreshing; before taking your INDIAN HERBS I would rise in the morning as tired as when I went to bed; now that is all cured, thanks to INDIAN HERBS."

Each Box of Indian Herbs

CONTAINS A

Printed Guarantee

To Cure all the Diseases Mentioned in this Book or the Money will be Refunded.

A WONDERFUL CURE.

Hurricane, Mo., Feb. 28, 1898.

The Great American Herb Company.

Gentlemen—I had nasal catarrh, contracted in the late war, and it continued up to 1896; Rheumatism for 16 years; Kidney Disorders; Indigestion of the Stomach; Piles and three Tumors, and Liver Complaint. All the remedies I have tried have failed to make a permanent cure, and for the last three years I was almost a total invalid. I used your medicine for 15 months and I am cured of everything, so I can go and work all the time.

Rev. Monroe Robins.

Indian Herbs

THE GREATEST

BLOOD PURIFIER

AND

LIVER REGULATOR

ON EARTH

IS COMPOSED ENTIRELY OF

HERBS, ROOTS, AND BARKS,

AND

WE GUARANTEE THAT IT WILL CURE ALL DISEASES
ARISING FROM IMPURE BLOOD,

SUCH AS

Constipation, Neuralgia, Dyspepsia, Rheumatism, Kidney Disorder, Liver Complaint, Chills, Fever and Ague, Female Complaints, Nervous Affections, Catarrh, Loss of Appetite, Nervous and Sick Headache, Piles, Costiveness, Irregularities of the Bowels, Diarrhoea, Dyspepsia, Heartburn, Giddiness, Palpitation of the Heart, Sickness at Stomach, Nervousness, Pain in Side, Numbness of the Limbs, Cold Feet and Hands, Bad Taste in the Mouth, Flashes of Heat, Yellow Skin, Ringing in the Ears, Dysentery, Flux, Sea-Sickness, Fevers, Debility, All Dark Circles under the Eyes, Bearing-Down Sensations, Whites, Difficult Menstruation, Throbbing of the Stomach, Stagnation of the Blood, Shortness of Breath, Failure to Perspire Freely, Scrofula, Bad Circulation, Old Sores, Erysipelas, Dropsy, Swelling of the Glands of the Neck, Gravel, Kidney Complaint, Diseases of the Throat and Lungs, Fits, Acid Humors in the Blood, Stiffness and Soreness of the Joints, Pimples and Rough Skin,

Poisons in the Blood, Soreness of the Muscles, Tet-
ter and Worms.

The above diseases are compelled to yield to the effect of INDIAN HERBS. It stimulates the circulation of the blood, and removes all refuse matter from the system through the pores of the skin, urine and bowels.

INDIAN HERBS is put up in the dry form and ground as fine as flour, so that it will readily mix in water. Each box contains a graduated dose glass, three packages of the powder (with directions as to use), and this book in which may be found valuable medical information. Each package of this powder is to be dissolved in a quart of water. Always shake well before taking. Thus the patient obtains for \$1 00 three quarts of pure vegetable medicine, which is enough medicine to last six months.

You will find directions on each small box, on a label in each box for the bottle; also on page 13 of this book.

Are You Sure You Know Your True Condition?

When you have the following symptoms: Appetite poor, giddiness or sort of whirling sensation in the head when rising up suddenly, a feeling of weight on the stomach, or sometimes a feeling of emptiness in the stomach which food does not satisfy, the bowels become costive, the skin is dry and hot at times, the blood becomes thick and stagnant, the urine is scanty and high colored, depositing a sediment after standing, there is a feeling of drowsiness, bad taste in the mouth, especially in the morning, a sticky slime collects on the teeth, a frequent spitting up of food which may either have a sweet or sour taste; this is frequently attended with palpitation of the heart, vision becomes impaired, there is a feeling of great prostration and weakness, the eyes are sunken, the hands become cold and clammy, after a while a cough sets in at first dry, but after a few months attended with a greenish-colored expectoration, the patient feels tired

all the while, and sleep does not afford any rest; after a time he becomes nervous, irritable, and gloomy, and has evil forebodings. Do not worry yourself for you have not liver trouble or your kidneys are not diseased as a good many doctors will tell you, but constipation and dyspepsia, which can be cured in a short time by INDIAN HERBS.

Read testimonials in back of book.

Indian Herbs is not only the best, but it is the cheap-
est blood purifier on earth. You get six
months' treatment for \$1.00.

THE BLOOD.

From time immemorial the blood has been recognized as the most important fluid in the human body as well as in that of animals—indeed it is indispensable to life. Daily observation continually shows that its loss prostrates the body and enfeebles its powers, and with excessive hemorrhage, that life itself ebbs away.

"For the life of the flesh is in the blood."

Nine-tenths of all diseases have their birth in a deranged condition of this mysterious fluid which circulates through the entire system. In plain language, the blood is fluid bone, fluid cartilage, fluid muscle, fluid nerve, and fluid everything that goes to make up the human body. It will be readily seen that when the blood becomes impure, no part of our body escapes contamination. It is the duty of everyone to see that their nervous system is set right, their mind emancipated from all depressing influences, and their blood restored to that condition which enables it to impart the tint of health to the skin, strength to the muscles, and rich and abundant juices to all the tissues. Do not wait until disease has fastened its fangs upon you, but purify your blood by a liberal use of our INDIAN HERBS, which is unrivalled as a blood purifier.

Read testimonials in back of book.

Six months' treatment costs only \$1.00, and it saves years of suffering.

THE LIVER.

The liver is the largest gland in the body. It weighs from 3 to 4 pounds, and it is situated on the right side below the right lung, resting on the right kidney, and extending into the left side below the left lung, and rests against the stomach. When the liver becomes diseased and disordered you have the following:

SYMPTOMS.—Coated tongue, headache, pain under ribs on right side and under either shoulder, impaired appetite, sickness at stomach with perhaps vomiting, looseness of bowels and slight feverishness; in about three days the eyes become yellow, moth patches appear on the face, the skin is harsh, dry and itchy, bowels constipated, stools whitish or clay colored, colicky pains relieved by hiccough, heavy dark-colored urine, hot flushes, burning of palms and feet, neuralgic pain in chest, pain over liver, dropsy of abdomen, dry flabby tongue, and vomiting of bitter matter. Take INDIAN HERBS as prescribed, and you will be surprised at the relief which will soon follow, resulting in a permanent cure.

Read testimonials in back of book.

If a patient takes INDIAN HERBS as prescribed, he cannot fail to find ready relief.

CONSTIPATION.

One of the most common complaints in this country is constipation, caused generally by an inactive liver. The liver is the largest gland in the body, secreting the bile, the natural physic, and when this gland becomes torpid, the bowels are sluggish and constipated. The effect of this upon the system is very serious. When the

fecal matter collects in the lower part of the bowels it produces an unnatural pressure upon the blood vessels, causing that painful malady known as piles, but as a rule, when this matter is removed, the piles disappear. Several other serious troubles are caused by the collection of feces in the lower bowel. This foul matter becomes reabsorbed, and is carried by the blood to all parts of the system, reaching the brain; it there causes a congestion, which may vary from simple headache to the most violent brain disease. The impure blood, while circulating through the lungs causes the breathing to be labored, without affording relief as usual; the breath becomes disagreeable, there is a nasty taste in the mouth, and the patient may have a slight fever.

Too close attention cannot be paid to the regular evacuation of the bowels. INDIAN HERBS is especially adapted for constipation, and it gives the most satisfactory results.

Read testimonials in back of book.

Use INDIAN HERBS for all troubles arising from impurities in the blood.

\$6 WORTH OF MEDICINE FOR \$1.

COMPLEXION.

INDIAN HERBS is unrivalled as a skin beautifier. It not only restores to the skin that freshness and brilliancy which belongs to youth, but it brings that nameless hue which health alone paints and which is only coarsely imitated by cosmetics; the blood is purified by continued use of our INDIAN HERBS; improvement is often seen in a week; a daily use for months accomplishes wonders; no increase in the dose is necessary, and our INDIAN HERBS could do no possible damage if taken for years, as it is a purely vegetable medicine.

Read testimonials in back of book.

Use **INDIAN HERBS** for Pain in the Back.

MENSTRUATION AND OTHER FEMALE COMPLAINTS.

Nine out of every ten American women suffer from some disorder peculiar to their sex, of which irregular, painful and suppressed menstruation is among the most common. Menstrual derangements should never be neglected, for in all cases, excepting suppression by pregnancy, they lead to other diseases which are liable to prove troublesome and perhaps fatal. Ladies will find that our **INDIAN HERBS** will procure marvelous benefits to those suffering from irregular, painful, and suppressed menstruation. Other female complaints, such as leucorrhœa or "whites," bearing down, suppression of water, backache, headache, constipation, local itching, ulceration of the womb, frequent urination, scalding of water (it often passing in drops), soreness in lower part of abdomen, spinal tenderness, palpitation of the heart, weakness of knees, pain in back of neck, swelling of the feet, sore breasts and nervousness. These symptoms indicate a serious disturbance of the entire system, which may prove very difficult to cure. **INDIAN HERBS** taken as directed, will immeasurably benefit any of the above complaints, and bring about a result surprising to the patient. Follow the directions closely, and if weakness is felt by excessive discharge from the bowels, lessen the dose. No danger from mineral poison, as this is a purely vegetable composition.

Read testimonials in back of book.

INDIAN HERBS Stands at the Head a Cure for Constipation.

KIDNEY DISEASE.

The kidneys are the organs that remove from the blood the waste due to muscular exertion, and pass it off through the water.

There are two kidneys situated in the small of the back—one below the liver on right side, and the other below and behind the stomach on the left. They each weigh about 5 ounces, and together secrete from 30 to 50 ounces of urine in 24 hours. The quantity of urine is increased in winter and diminished in summer, as it is decreased by free perspiration and increased by chilling of the skin. If the kidneys are diseased they cannot perform this function thoroughly, as the organ is congested, and the lining of the tubes or outlets swollen and stripped off, thereby forming tube casts and allowing the albumen (or life of the blood) to escape.

SYMPTOMS.—Backache, frequent desire to urinate at night, palpitation of the heart, dyspepsia, coated tongue, bad taste in the mouth, headache, dry harsh skin, fickle appetite, loss of memory, large quantity of pale or small quantity of dark-colored water, bright spots before the eyes, constipation, alternating with looseness of bowels, pleurisy, pneumonia, bronchial affections, and heart disease.

Neglect of the above will lead to chronic Bright's Disease with Dropsy, and at last will result in convulsions and death.

It is acknowledged that **INDIAN HERBS** is the surest cure for kidney disease.

Read testimonials in back of book.

Could Anything be Cheaper than Six Months' Treatment for \$1?

SICK HEADACHE.

The majority of cases of sick headache are caused by disturbance of digestion, inactive or sluggish liver, and irritation of ovaries and womb.

The proper treatment for this is a thorough course of **INDIAN HERBS**, which will regulate the bowels and relieve the system of waste.

See directions, page 13.

Read testimonials in back of book.

"The proof of the pudding is in the eating." If you try one box of INDIAN HERBS, we feel sure that you will never be without it.

RUSH OF BLOOD TO THE HEAD.

Rush of blood to the head is often called "Vertigo," and is accompanied with headache, dizziness, disorder of vision and hearing, buzzing in ears, sparks before the eyes, blunted intellect, irritable temper, and restlessness at night. All this is generally due to the kidney, liver or stomach, and if it continues it will finally result in apoplexy. Do not allow yourself to reach this dreaded stage, but take plenty of out-door exercise, keep your sleeping room well ventilated, bathe often, indulge in simple food, and use INDIAN HERBS faithfully as directed.

Read testimonials in back of book.

INDIAN HERBS IS THE GREATEST BLOOD PURIFIER ON EARTH.

TAKE NOTHING ELSE.

When you ask for INDIAN HERBS, see that you get it. There are any number of other medicines on the market which will be recommended to you as "just as good," but do not be persuaded to buy them. INDIAN HERBS is what you want as it is a purely vegetable medicine, devoid of mineral poison. Sent to any address upon receipt of price. A box of three packages (making three quarts of medicine) with a graduated dose glass for \$1 00.

When you use medicine in the dry form (roots and herbs) there is one thing you can depend upon, and that is you can see what you are taking.

INDIAN HERBS WILL KEEP ANY LENGTH OF TIME AND IN ANY CLIMATE.

THE SKIN.

The skin is a firm fibro-elastic membrane, which covers the external surface of the body. Its functions are more varied and numerous than those of any other organ, being of the utmost importance as an organ of sensation, secretion, excretion, and absorption. It also serves as an accessory organ of respiration. Cover the entire skin with varnish (impermeable by water or gases), and death will follow in less than 18 hours. There are about two million five hundred thousand sweat glands in the human body. The perspiratory functions of the skin are of the utmost importance as a means by which the effete materials are removed from the system, and the temperature prevented from rising above the normal standard.

Perspiration in health is a colorless fluid, saltish in taste, and slightly acid in reaction. It is composed of 990 parts of water and ten parts of organic and inorganic solids. The normal softness and pliability of the skin is preserved by an oily substance which is furnished by the sebaceous glands. Perspiration keeps the skin cool and moist. To preserve a healthy condition of the skin INDIAN HERBS is highly recommended.

Read testimonials in back of book.

There is nothing like INDIAN HERBS for liver complaint. It acts promptly and without pain.

NERVOUS DISEASES.

The nervous system enters into and controls the

action of the whole body. A man or woman may appear strong, yet they are conscious of not feeling as well as formerly. They have a feeling of weariness, can not sleep, take no interest in anything, there is a sense of fullness or weight in the head, if not actual headache; impaired appetite, an aching or weariness of the eyes after reading a few minutes, and also flashes of light before the eyes. If these symptoms are allowed to continue, the brain and other organs of the body will become attacked, with fatal results.

TREATMENT—Avoid excitement and worry, sleep regularly, and take INDIAN HERBS, which will strengthen your constitution and give tone to your nervous system.

Read testimonials in back of book.

All we want you to do is to give INDIAN HERBS a fair trial and we know you will be fully satisfied with the result. It is a most efficacious medicine for all rheumatic disorders.

NEURALGIA.

Neuralgia is a disease of the nervous system, manifesting itself by sudden pains of a sharp and darting character. It is caused by an acid and impure condition of the blood, and it is the "cry of the nerves for pure blood." It most frequently affects the teeth, head, and sympathetically the eye and ear.

To procure pure blood and thereby cure the disease, take a thorough course of INDIAN HERBS.

Read testimonials in back of book.

Do not allow yourself to become a chronic sufferer.

There is nothing like INDIAN HERBS
to build up the system.

DYSPEPSIA.

Dyspepsia or indigestion is a functional derangement of the stomach or intestines, caused by irregular habits, hasty swallowing of meals, depressed nervous system, and torpid liver. It is secondary to kidney disease.

SYMPTOMS.—Fickle appetite, headache, sickness of stomach, with sometimes vomiting; feeling of weight, fullness and soreness in pit of stomach; water brash, eructation of gas, bad taste in and cankered mouth, bowels filled with gas, drowsiness after meals, wakefulness at night, flashes of heat followed by more or less perspiration, vertigo, dizziness, lack of energy, scanty urine, and constipation as a rule.

TREATMENT.—Regular diet, eat nothing rich or heavy, use INDIAN HERBS as directed, and we guarantee speedy relief.

Read testimonials in back of book.

DIRECTIONS FOR USE.

Mix contents of each package in one quart of pure cold water. Take the first dose of three tablespoonfuls to start the bile from the liver and remove it from the stomach, then take one tablespoonful each night on going to bed. If it moves the bowels too freely, it should be taken in smaller doses. Treatment is the same in all cases except chills, which require three tablespoonfuls the first night, two the next, and then one.

Dose for children over three years of age: From one-half to one teaspoonful at night, according to condition of the bowels. SHAKE WELL BEFORE TAKING.

A medicine of this description can not be made without being bitter. Ladies and children are unable to take it sometimes on account of its unpleasant taste. For such cases fill a number two capsule with the powder and it can then be taken by the most

delicate. Capsules can be procured at any drug store or from us at 15 cents per hundred.

Remember, INDIAN HERBS in acting causes no unpleasant results; does not gripe or give any pain and for constipation has no equal.

This valuable medicine is sold only by our agent, who is a respectable and honest citizen of your community—a reliable party and neighbor and one who would not risk his reputation by deceiving you with a worthless compound.

Our agents have entire control over the territory which they represent.

We request that if you know of a friend or neighbor who is ill or has what they suppose to be an incurable disease, you send them this book, which will be highly appreciated by

Yours, very truly,

The Great American Herb Company,
WASHINGTON, D. C.

NOTE.—Do not use rain water or cistern water when preparing this medicine; use well water, boil and cool before mixing. Anyone wishing to mix whisky with this medicine can do so by taking two of the medicine glasses of water from the quart and putting in that quantity of good whisky before mixing.

THE UNITED STATES HEALTH REPORTS of March 25, 1897, published the following:

THE VALUE OF PROPRIETARY REMEDIES.

If "Life is the song of Nature," as has been fitly said, then, indeed, should health be characterized as the living music of man's existence and being. To be in accord with the divine melody, which finds its fittest expression in abounding health, all the organs of the body must keep rhythmic beat, and

every function must fulfill its appointed duty. Such concord insures health and life; its absence, disease and death. The moment one organ, or one single function becomes sluggish or neglected, in its proper work, recourse to the highest remedial agency should at once be had, for just as the slightest departure from the law of music brings discord in place of harmony, just as surely does the physical deviation mar perfect rhythm of being in man or woman.

It is unnecessary to say to the readers of these REPORTS, that no other consideration is taken into account save the interests of the public and that in reviewing any proprietary remedy upon the market, the name of the manufacturers, or the claims made for such products by interested parties, have no weight whatever in shaping the opinion of the compilers of one of our REPORTS.

While there will be a demand for remedies as long as human beings exist, there is a mistaken idea among many persons that only such remedies as are prescribed by physicians are efficacious, and this idea has been fostered by physicians who are adverse to having their business taken out of their hands. But experience has proven that there have been cures innumerable, effected by the use of proprietary remedies; of course all proprietary remedies do not possess equal merits. Some of them are almost valueless, and it is a waste of money to buy them. We have not hesitated to point them out and condemn them whenever occasion warranted it, as the readers of these REPORTS will attest. However, there are proprietary remedies which have great merit and deserve our warmest commendation. It is only necessary to make a judicious selection in order to get the greatest and happiest results. The only safe plan is to buy of houses with established reputations, and whose remedies have successfully withstood the tests of time and have innumerable cures to their credit.

There are several such remedies in the United States, but our trained representatives engaged in

compiling these REPORTS have indicated to us that "Indian Herbs," which are prepared and sold by "The Great American Herb Co.," of Washington, D. C., is worthy of the highest praise. It is the best preparation that we can recommend, which will, if used according to directions, cure all diseases of the blood, stomach, liver, and bowels. In fact, we believe it to be one of the greatest blood purifiers and liver regulators on earth. It is composed entirely of Herbs, Roots, and Barks, and the Company manufacturing the same guarantees that it will cure all diseases arising from impure blood, such as Constipation, Neuralgia, Nervous and Sick Headache, Dyspepsia, Rheumatism, Kidney Disorder, Liver Complaint, Chills, Fever and Ague, Female Complaints, Nervous Affections, Catarrh, etc., etc.

To those of our readers who have received nothing but disappointment from the best directed efforts of physicians, and who have relied in vain upon the ordinary proprietary remedies, we would call particular attention to the success which attends the use of this marvelous remedy, "Indian Herbs."

It is prompt in its action on the bodily organs, and, while accomplishing the desired end, does not in any way injure or strain the organs, and consequently is not followed by a reaction which is as bad as the disease.

A medicine that acquires a good standing with the public commends itself thereby to the public for further use.

By acting on this REPORT, any afflicted one will be placed in touch with the most successful remedy of the kind in the world, and secure relief and cure, even if such have not been found elsewhere.

We have given this remedy a close and critical examination, and investigated many of the cures effected by its use, and as a result we feel justified in extending to it the unqualified endorsement of the UNITED STATES HEALTH REPORT.

WORDS OF PRAISE.

We here present you with a few of the many testimonials sent "The Great American Herb Co., of Washington, D. C., by those who have used "Indian Herbs," and who testify to its excellent qualities:

Saved Him \$20 Doctor's Bill.

J. W. Lucas, Averbosboro, N. C., March 18, 1898.

"It is with pleasure I attest the merits of INDIAN HERBS. I have used it in my family now for nearly a year, and have not paid a Dollar for doctor's or other medicine in that time, while before my doctor's bill averaged \$20 a year. It cured my wife of heart trouble and indigestion. My children were puny and sickly, and it has made them strong and well. When your agent, Mr. Utter, first came around with your money-saving medicine for the benefit of mankind, I was in a low state of health from general debility, and have found great relief from its use."

Rheumatism For 20 Years Cured.

I. D. Daniell, Mableton, Cobb Co., Ga., Nov. 18, 1898.

"I have been taking INDIAN HERBS for about two months and when I began I had no idea it would accomplish what it has. I took it for rheumatism which I have been troubled with for twenty years, and before using INDIAN HERBS I could not walk a half a mile and get back home. I had been this way for three months and suffered all the time and now I can walk 30 miles and it does not hurt me. I am doing my best to convey it to every one who is suffering with rheumatism. I think I can safely say I am a well man to-day from the use of INDIAN HERBS."

Recommends it for Rheumatism.

Jasper Cooper, ex-Assessor of Bollinger Co., Glen Allen, Mo., Feb. 15, 1898.

"I have been a sufferer from Lumbago, a form of Rheumatism, and for three months was not able to stand on my feet. I tried many different kinds of remedies recommended for Rheumatism but nothing gave me any relief until I tried a package of your INDIAN HERBS and after using it less than one month I was able to work again. I can cheerfully recommend its use to any one who is afflicted with this disease."

Could Not Work Before.

V. D. Greene, Berlin, N. Y., Nov. 7, 1898.

"I will do what I can to introduce your INDIAN HERBS for it is a grand thing and has done me a great deal of good. Before I started to take your medicine I could not work and now I am able to work all day. There are eight people here taking your INDIAN HERBS and all are pleased with the result."

Indian Herbs Cures Where all Other Medicines Fail.

D. C. McLellan, Streetsville, Ontario, March 13, 1898.

"I have taken the medicine you sent me for Rheumatism and it has done me a great deal of good, and I find by my short experience in taking it that INDIAN HERBS is the medicine that will cure when all others fail."

Heartburn Entirely Cured.

C. R. Young, Richland, Fla., Feb. 21, 1898.

"I have taken your wonderful medicine, INDIAN HERBS, for heartburn, and can truthfully say I am entirely cured. I will always recommend it to any one suffering with this disease."

Recommends it for Constipation and Sick Headache.

Mrs. James Carnahan, South Burgettstown, Penn., Oct. 21, 1898.

"I bought a box of your INDIAN HERBS from your agent, Mr. John Ravenscraft, and think it is a good medicine for all it claims to cure. I can and have recommended it to others who suffer from constipation and sick headache, as I have been relieved considerably from both."

Wonderful Cure in Eczema and Neuralgia.

A. S. Porter, Palmyra, Wis., April 8, 1898.

"I have been afflicted with Eczema for 15 years, which has baffled all the medicine I have ever tried, and one year ago last February I was taken sick with the Neuralgia on the left side of my head which affected my left eye. I have been almost entirely blind and not free from pain since. I tried your medicine INDIAN HERBS and have been gaining ever since. The film over my left eye caused by the Neuralgia is rapidly disappearing and I can see more clearly and believe if I continue to use the medicine in a short while I will regain all my sight and be free from the annoyance of the irritation, caused by the Eczema, Salt Rheum, or Skin Disease, which had confined me indoors seven months before I commenced taking your wonderful remedy. I am feeling and looking better than I have for a long time, although I have only taken about one quart of INDIAN HERBS. I gave some of the medicine to some friends here and it is helping them. Please accept my thanks for calling my attention to your valuable medicine."

Best Medicine For Female Complaints.

Boregard Gatling, Holly Springs, Dallas Co., Ark. September 4, 1898.

"Mr. J. E. A. Barker, your agent, sold me a box of your wonderful medicine called INDIAN HERBS

and I find it does exactly what he claimed for it. It has no equal as a liver and blood medicine and for female complaints I believe it to be the champion of the world."

Surprised That It Cured Him.

"I have been suffering with Sciatic Rheumatism for nearly two years and most of that time I was compelled to walk on two crutches. I used different kinds of medicine highly recommended for curing Rheumatism but without much relief, until about the middle of last February I received a sample of INDIAN HERBS which I took according to the directions. The result is, I can walk as well as ever and suffer no pain. INDIAN HERBS has cured me of my Rheumatism, therefore I recommend it to the suffering public. Give it a fair trial and you will be surprised as I was. For to tell the truth, at first I did not believe that INDIAN HERBS would cure me"

INDIAN HERBS Did More Good Than the Doctors.

J. T. Lyles, Bluegrove, Clay Co., Texas, Dec. 8, 1898.

"I have had all the doctors in this section of the country to treat my wife and have spent a good deal of money in different medicines, but one box of your INDIAN HERBS did her more good than all the other medicine put together."

Sure Cure for Rheumatism.

Chas. L. Pierce, Princeton, Ill., May 3, 1898.

"I received your medicine and have given it a trial. I have been a sufferer from Rheumatism for the last five years and have tried different medicines but INDIAN HERBS is the only one that has ever given me any relief. I am now able to work and will always recommend INDIAN HERBS as a sure cure for Rheumatism."

Ninety-Seven Years Old and Praises INDIAN HERBS.

W. A. Burton, No. 301 Clay St., Vicksburg, Miss.
March 4, 1898.

"My grandmother who is ninety-seven years old was sick in bed with La Grippe and nothing relieved her until she took INDIAN HERBS and now she cannot praise it too highly. Mr. Wm. Jackson, my brother-in-law, has been suffering all his life with Asthma and he says it is the only medicine that ever did him any good"

Cured of Kidney Trouble.

J. W. Lamb, Milton, Vermont, Nov. 29, 1898.

"It is with pleasure I write you in regard to your INDIAN HERBS. One of my neighbors tried the medicine for kidney trouble and it did him so much good he asked me to send for more. I have used it myself for kidney and liver trouble and I have taken a great many medicines, but never received as much benefit as I have from INDIAN HERBS."

Best Medicine for Scrofula he ever used.

J. M. Agee, Jacksonville, Floyd Co., Va., Oct. 31, '98.

"I have used INDIAN HERBS for one month on account of being badly diseased with Scrofula for the last 25 years. It is the best medicine and has done me more good than anything I have ever used."

Cures Constipation and Piles.

F. V. Bliss, 127 Cottage St., Pawtucket, R. I.,
Oct. 12, 1898.

"There are several people in my section taking your medicine and all speak well of it. One lady has tried it for the piles and found so much relief that she is going to continue it. The doctor said they must perform an operation, but she dreads the knife and believes if she continues to use INDIAN HERBS it will cure her. I have used it myself for Constipation and find it all you claim for it."

Does all we claim for it.

J. W. Williams No. 2, Maple, S. C. Sept. 1, 1898.

"I have tried your INDIAN HERBS on my wife for sick headache, and she received benefit from the first few doses. It will do all you claim for it and I take pleasure in sending for a larger quantity. Since I have been taking your medicine I feel like a new man. I have been taking it for weakness and impure blood."

Cured in Three Days.

M. C. Johnston, No. 2423 N. 18th St., Lafayette, Ind.

"When I started to take your medicine I had no faith in it, but thought I would give it a trial as I was suffering with the Neuralgia very badly and will say now, I cannot praise it too much. It is worth its weight in gold four times over for the pain was all gone in three days, and I am to-day without an ache or pain. The pain was all around my heart and I could not get my breath when I was in a stooping position. If you have an agent here please let me know his address as I would not be without INDIAN HERBS for \$50.00 for I think it has done me that much good."

Would Not be Without INDIAN HERBS.

J. E. Howard, Maybury, W. Va., Oct. 7, 1898.

"I have taken your medicine INDIAN HERBS for rheumatism and bad blood and it is the best medicine I have ever used. I tried a great many medicines but did not get any relief until I bought a package of your medicine from a friend and it did me good right away, and I would not be without it now for anything."

Liver Complaint for 3 Years Cured.

Mrs. Lizzie Sawdy, Stryker, Ohio, March 26, 1898.

"I have been troubled with rheumatism and liver complaint for the last three years and tried every-

thing to get relief, but failed until I purchased a box of INDIAN HERBS and now my rheumatism is cured and I feel like a new woman, and I will never be without INDIAN HERBS."

A Boon to All Sufferers.

F. H. Thornton, Benson, N. C., March 14 1898.

"I have been using your INDIAN HERBS for three months. I had been sick in bed with Kidney trouble and Catarrh. My wife also had been troubled for 15 years with Catarrh. Your medicine has done more good than anything we could get from the doctors or at the drug stores, and we shall always keep it in the house, if we are able. It is a boon to all sufferers and good results will always follow its use."

Thanks Indian Herbs.

Mrs. E. W. Ellis, Towanda, Pa., Dec. 8, 1898.

"I have been taking your INDIAN HERBS for numbness. I could not work very much and it would take me on my right side so I could not walk for some time, but thanks to your INDIAN HERBS I am nearly well and have not had a spell for some time."

More Satisfactory Than the Doctors.

H. B. Coolidge, Farmington, Me., Dec 19, 1898.

"I received your medicine, INDIAN HERBS, and used it at home. The results were very much more satisfactory than those from doctors."

Had Fits for Fourteen Years.

Isaac H. Rider, Smyrna, Del., Dec. 18, 1898.

"I received your medicine and it has proven to be all you claim for it. I never saw a better medicine in my life than your INDIAN HERBS. I gave some of your medicine to a woman who has had fits for fourteen years and now she is entirely cured."
